

Seasoned eDiscovery Professional Claudine Schardijn joins TERIS San Francisco as Senior Technology Consultant

Schardijn brings 13 years experience in electronic discovery, project management, consulting, and sales support.

San Francisco – February 10, 2010 – [TERIS San Francisco](#) announced today that veteran litigation support professional Claudine Schardijn joined its office as Senior Technology Consultant. Schardijn has more than 13 years of litigation technology experience and will put that to use immediately by consulting with high-level clients to help them better understand new technologies and how to apply those solutions to lower costs and improve results.

Schardijn has extensive business development experience in the litigation support industry, most recently serving as Director of Client Services for BlackStone Discovery in Palo Alto. There she managed and supported both AmLaw 200 and Fortune 500 clients in the discussion, development, and deployment of integrated technology solutions. Previously she served as Senior Project Manager for eLitigation Solutions, Partner at Izvize and Senior Project Manager for Aptara. Her experience includes acting as lead Project Manager for a high-level Bay Area Fortune 100 company, where she worked on the largest merger in the corporation's history.

“Claudine has very deep industry experience, and she is a critical addition to the TERIS San Francisco team,” said Kevin Brooks, TERIS Bay Area Executive Managing Partner. “She has developed a strong reputation as a results-oriented professional who always keeps the clients’ goals in mind – regardless of the challenge at hand. She is a proven team leader, and that experience will be helpful as we continue to build our San Francisco office and serve a growing number of clients who require unique eDiscovery solutions.”

Schardijn has extensive experience with: Concordance, Summation, Trial Director, Inmagic DBTextworks, Sanction, Casemap, IPRO e-capture, Mobius/Extractiva, QuickBooks, Clearwell, Kcura/Relativity, iConect, Cataphora, and ONEO. She is a member of the Silicon Valley chapter of Women in eDiscovery and graduated from

California State University – Sacramento with a B.S. in Criminal Justice and Administration.
